## ORGANIZATION PROFILES

### @WalmartLabs | Walmart Technology
- **BOOTH:** 2231

**INTERVIEW BOOTH:** 3240, 3241, 3242, 3243, 3244, 3245, 3246, 3247, 3248, 3250, 3252

**CAREER WEBSITE:** [http://www.walmart.com/careers](http://www.walmart.com/careers)

**DESCRIPTION:** From online channels to interactive mobile apps and cloud technology, Walmart is re-inventing the way the world shops—and we’ve only just begun. With our @WalmartLabs division powering our digital sites and our retail technology division digitizing our stores, Walmart Technology is positioned to deliver retail innovation at scale. We need fierce female techs to help solve retail’s biggest challenges. With offices across the US and a variety of technical disciplines, Walmart gives you the opportunity to do what you want, where you want. We’ll push you to code better, hack better, design better and tech better.

**JOB OPPORTUNITIES:** Intern & Full Time Software & Mobile Developers, Data Scientists, UX/UI, Systems & Quality Engineers, Unix/Linux/Middleware, Network Engineers, Business Analysts, Product Managers, Cloud Engineering, Information Systems, Operations Research & Analytics

**INTERVIEW BOOTH:** 2231

### Adobe
- **BOOTH:** 2422

**INTERVIEW BOOTH:** 3809

**DESCRIPTION:** Adobe is the global leader in digital media and digital marketing solutions. You probably know us as the company that helps them and make giving online as easy as possible. And we work with thousands of groups -- from presidential candidates to environmental organizations to local school board members.

### ActBlue
- **BOOTH:** 2841A

**INTERVIEW BOOTH:** 2841A

**CAREER WEBSITE:** [https://secure.actblue.com/content/jobs](https://secure.actblue.com/content/jobs)

**DESCRIPTION:** ActBlue is the only company that brings deep expertise in both content creation and data science to deliver immersive, compelling experiences. In short, Adobe is everywhere, and we’re changing the world through digital experiences.

### Acxiom
- **BOOTH:** 2943A

**INTERVIEW BOOTH:** 3809

**CAREER WEBSITE:** [www.acxiom.com/careers](http://www.acxiom.com/careers)

**DESCRIPTION:** For more than 40 years, Acxiom has been a leader in harnessing the powerful potential of data to strengthen connections between people, businesses and their partners. So what’s our story? We believe our value is in helping our clients do something they never dreamed possible. Giving them that certain moment when clarity becomes confidence. Finding a whole new customer segment. Reaching everyone who needs to be reached. Understanding those tiny market nuances. Acxiom is headquartered in Little Rock, Arkansas with additional locations around the United States. We also have operations in Europe, Latin America, and Asia-Pacific.

### ActBlue
- **BOOTH:** 2841A

ORGANIZATION PROFILES

Blackbaud

BOOTH: 942A

MAIN WEBSITE: https://www.blackbaud.com/

CAREER WEBSITE: https://www.blackbaud.com/careers/

DESCRIPTION: Leading uniquely at the intersection point of technology and social good, Blackbaud provides cloud software, services, expertise, and data intelligence that empowers and connects people to advance the social good movement. We serve the entire social good community, which includes nonprofits, foundations, corporations, education institutions, and the individual change agents who support them.

JOB OPPORTUNITIES: We are looking for socially-minded software engineers, dev ops engineers, software quality engineers and system engineers who can help us code for cause to power an ecosystem of good to build a better world.

BlackRock

BOOTH: 2732

MAIN WEBSITE: http://www.blackrock.com/campus

CAREER WEBSITE: http://www.blackrock.com/campus

DESCRIPTION: BlackRock is trusted to manage more money than any other investment firm — from large institutions to parents and grandparents, teachers, nurses, doctors and people from all walks of life who entrust their savings to us. With 70 offices in 30 countries, BlackRock is a truly global firm that can combine the benefits of worldwide reach with local service and relationships. BlackRock brings together the best of a technology pioneer and a financial leader to offer engineers a truly unique place to make a difference. Leverages bigger data. To deliver smarter investment solutions. And drive massive savings to us. With 70 offices in 30 countries, BlackRock brings together the best of a technology pioneer and a financial leader to offer engineers a truly unique place to make a difference. Leverages bigger data. To deliver smarter investment solutions. And drive massive savings to us.

Blend

BOOTH: 940

MAIN WEBSITE: https://blendlabs.com/

CAREER WEBSITE: https://blendlabs.com/company/jobs

DESCRIPTION: At Blend, we’re dedicated to improving lending. We’re an enterprise technology company, but our product affects the most important purchase most people will make in their lifetime—their home. For homebuyers, our product means a clear, guided path to a new home. For lenders, it means modern, easy-to-use tools that let employees spend their time helping customers, rather than on repetitive, manual tasks. By aligning and modernizing this archaic industry, we believe everybody wins.

Founded in 2012 by former Palantir leaders, we’re currently backed by Peter Thiel, Andreessen Horowitz and other prominent investors. Join us!

JOB OPPORTUNITIES: We need someone who’s driven to solve hard problems—the harder the better. Currently hiring software engineers, product managers, designers, and more!

Bloomberg L.P.

BOOTH: 1930

INTERVIEW BOOTHS: 3726

MAIN WEBSITE: www.techatbloomberg.com

CAREER WEBSITE: http://www.bloomberg.com/careers/technology/engineering/

DESCRIPTION: Bloomberg technology drives the world’s financial markets. Over 4,000 technologists define, architect, build and deploy complete systems to fuel the needs of leading financial market participants globally.

Blue Apron

BOOTH: 2726A

CAREER WEBSITE: www.blueapron.com/jobs

DESCRIPTION: At Blue Apron, our mission is to make incredible home cooking accessible to everyone—from the novice cook just getting started to the experienced chef. Each week we send hundreds of thousands of customers all the pre-measured and perfectly proportioned ingredients they need to prepare delicious and healthy meals at home. We introduce our members to new ingredients, flavors, and cooking techniques with seasonally-inspired recipes that are always delicious, fun and easy to prepare. We make fresher, healthier food available at better prices by rethinking the grocery supply chain from the table all the way back to the farm.

JOB OPPORTUNITIES: The people across our global brands are at the heart of what makes The Priceline Group one of the biggest players in online travel. Learn more about our career opportunities in technology by visiting our career pages or come and talk to us at our booth!

Box

BOOTH: 2600

INTERVIEW BOOTHS: 3731

CAREER WEBSITE: https://www.box.com/careers/engineering

DESCRIPTION: Founded in 2005, Box (NYSE: BOX) is transforming the way people and organizations work. As a leading enterprise content management platform, Box helps more than 62,000 businesses securely access and manage their critical information in the cloud. Headquartered in Redwood City, CA, Box has offices across the United States, Europe and Asia. Our Engineers develop next-generation technologies that help businesses manage their content better than ever before, transforming how millions work every day. Working in small scrum teams in an agile environment, Box Engineers work on a wide range of technical tasks, including backend distributed systems at the petabyte scale, analytics, platform developer support, mobile OS and so much more.

JOB OPPORTUNITIES: We’re hiring for a variety of mid-to-senior level positions, in addition to our Software Engineering Internship Program for Summer 2017.

Booking.com

BOOTH: 1100

CAREER WEBSITE: www.pricelinetgroup.com/

DESCRIPTION: The Priceline Group is the world’s leading provider of online travel & related services, provided to consumers and local partners in over 220 countries and territories through six primary brands: Booking.com, priceline.com, agoda.com, KAYAK, , rentalcars.com and OpenTable. BOOTH: 1401
MAIN WEBSITE: http://www.ini.cmu.edu
SCHOOL WEBSITE: http://www.ini.cmu.edu/degrees/guide/index.html
DESCRIPTION: The Information Networking Institute (INI) at Carnegie Mellon University educates and develops engineers through technical, interdisciplinary master’s degree programs in information networking, security, and mobility that incorporate business and policy perspectives. As an integral department of the College of Engineering, the INI draws upon the strengths of colleagues across campus to craft a distinctly interdisciplinary learning experience. Our graduates contribute to technological advancements, pioneer engineering solutions, and lead enterprises in the global economy.

JOB OPPORTUNITIES: Application deadline for full-time, master’s degree programs is January 15. Fellowships and other financial aid are available.

CDW
BOOTH: 2424
INTERVIEW BOOTH: 3635
CAREER WEBSITE: http://www.cdwjobs.com/
DESCRIPTION: Women comprise more than half of the professional workforce in the United States — but they play a disproportionately small role in inventing, managing and deploying technology across all sectors. And yet, women with the highest representation of women in management teams have a 34% higher return on investment than those with few or no women. CDW is committed to making the IT industry appealing to innovative and problem-solving women. As a company recognized for the high ratio of women in executive roles, we are dedicated to developing and mentoring young women looking to enter the IT workforce.

Cerner Corporation

---

**EY LLP**

**BOOTH:** 1300

**INTERVIEW BOOTH:** 3453

**MAIN WEBSITE:** http://exceptionaley.com/

**DESCRIPTION:** At EY, we are committed to building a better working world — with increased trust and confidence in business, sustainable growth, development of talent in all its forms, and greater collaboration. We want to build a better working world through our own actions and by engaging with like-minded organizations and individuals. This is our purpose — and why we exist as an organization. Running through our organization is a strong sense of obligation to serve a number of different stakeholders who count on us to deliver quality and excellence in everything we do. We want to use our global reach and scale to convene the conversation about the challenges facing economies and the capital markets. When business works better, the world works better.

---

**Facebook, Inc.**

**BOOTH:** 731

**INTERVIEW BOOTH:** 3520, 3521, 3522, 3523, 3524, 3525, 3526, 3527, 3528, 3529, 3530, 3531, 3532, 3533, 3534, 3535, 3540, 3541

**CAREER WEBSITE:** facebook.com/careers

**DESCRIPTION:** Founded in 2004, Facebook’s mission is to give people the power to share and make the world more open and connected. People use Facebook to stay connected with friends and family, to discover what’s going on in the world, and to share and express what matters to them. Facebook is defined by our unique culture – one that rewards impact. We encourage people to be bold and solve the problems they care most about. We work in small teams and move fast to develop new products, constantly iterating. The phrase “this journey is 1% finished,” reminds us that we’ve only begun to fulfill our mission to make the world more open and connected.

**JOB OPPORTUNITIES:** We’re looking for people who move fast, build things, take risks, and solve problems. If you are interested in opportunities within SWE, PM, Infrastructure, Data Engineering, and Data Science at Facebook visit https://www.facebook.com/careers

Fannie Mae

BOOTH: 2125
INTERVIEW BOOTH: 3630
CAREER WEBSITE: www.fanniemae.com/careers
DESCRIPTION: Fannie Mae serves the people who house America. We are a leading source of financing for mortgage lenders, providing access to affordable mortgage financing in all markets at all times. Our financing makes sustainable homeownership and workforce rental housing a reality for millions of Americans. We listen to our customers and partners to understand their needs, putting them at the center of everything we do. We apply our experience and expertise to deliver innovative, smart solutions to help our customers succeed. Our workforce is diverse, inclusive, and talented group of people who welcome the opportunity to be on the front line of change. We are at the heart of housing and we strive, every day, to be America’s most valued housing partner.
JOB OPPORTUNITIES: On the Information Security team, your career will grow and change as your skills and interests take you in new directions. We’re always looking for people who can bring new perspectives and experiences to our teams. The diversity of our people and their ideas inspires our innovation and enhances our ability to secure the enterprise.

Fast Enterprises, LLC

BOOTH: 1500
INTERVIEW BOOTH: 3934
MAIN WEBSITE: https://www.fastenterprises.com/
CAREER WEBSITE: https://www.fastenterprises.com/careers/
DESCRIPTION: Fast Enterprises, LLC is an industry leader in the development and installation of software for government agencies. In 1998 we forever changed the way government revenue agencies support their business with the introduction of GenTax®. This commercial off the shelf (COTS) solution has enabled many agencies to take advantage of package implementations, providing more cost efficient and fully functional software systems to our clients. We have expanded beyond tax and now do implementations of Motor Vehicle, Drivers License, Unemployment Insurance and Unemployment Benefit agencies.
JOB OPPORTUNITIES: We are looking for entry level candidates who are analytical thinkers, problem solvers, self-starters, and strong communicators. Additionally, prospective employees must have a solid technical background and be willing to relocate.

Fiat Chrysler Automobiles

BOOTH: 1931
INTERVIEW BOOTH: 3930, 3932
CAREER WEBSITE: http://www.fcagroupcareers.com
DESCRIPTION: FCA US LLC is a North American automaker with a new name and a long history. Headquartered in Auburn Hills, Michigan, FCA US is a member of the Fiat Chrysler Automobiles N.V. (FCA) family of companies. FCA US designs, engineers, manufactures and sells vehicles under the Chrysler, Jeep, Dodge, Ram and FIAT brands as well as the SRT performance vehicle designation. The company also distributes the Alfa Romeo 4C model and Mopar products. FCA US is building upon the historic foundations of Chrysler, the innovative American automaker first established by Walter P. Chrysler in 1925, and Fiat, founded in Italy in 1899 by pioneering entrepreneurs, including Giovanni Agnelli.
JOB OPPORTUNITIES: Entry Level and Mid-Level

JP Morgan Chase & Co
BOOTH: 1113
INTERVIEW BOOTH: 3833, 3835
MAIN WEBSITE: www.jpmorganchase.com
CAREER WEBSITE: http://careers.jpmorgan.com/careers

DESCRIPTION: JP Morgan Chase is a leader in finance and technology. Every part of our business is powered, informed and maintained by technology – all made possible with over 40,000 engineers. Technology drives the firm's overall efficiency, improves our risk management and enhances our customer experience. We are committed to investing in innovation, systems and our technology professionals. Through collaboration, intellectual curiosity and creativity, you can accomplish extraordinary things at JP Morgan Chase.

JOB OPPORTUNITIES: We hire for two specific positions: Software Engineers (SE) and Infrastructure Engineers (IE). For SEs, we look for students with a strong background in computer science; for IEs, we look for electrical and computer engineers as well as computer science majors.

Kaiser Permanente
BOOTH: 1935
CAREER WEBSITE: http://www.kaiserpermanentejobs.org/default.aspx

DESCRIPTION: America’s leading nonprofit integrated health plan, Kaiser Permanente serves nearly ten million people from 38 hospitals and more than 600 medical facilities. At Kaiser Permanente, the way we deliver health care is different. We are the caregiver, the hospital, the laboratory and the pharmacy. In fact, what makes us unique is that we play every position across the care continuum—providing the health care coverage and delivering the health care itself. Because of this, our organization is driven by professionals whose roles range from health care and IT professionals to construction and customer service experts. What brings us together is our commitment to improve the health and wellness of our members, patients, colleagues, and communities.

Juniper Networks Inc.
BOOTH: 1601
INTERVIEW BOOTH: 3613, 3615
MAIN WEBSITE: http://juniper.net/
CAREER WEBSITE: www.juniper.net/careers

DESCRIPTION: Juniper is changing the economics of networking by challenging the status quo. We do so through AUTOMATION. Juniper is leading the revolution of automating actions across routers, switching and security to empower customers to transform their speed to market and security operations. PERFORMANCE. Juniper is expanding what's possible through increasing performance potential by transforming customers’ ability to scale up and scale out with a unified environment and open architecture without downtime or service disruptions. CREATION. Potential for business transformation is limitless because Juniper seamlessly integrates teams, partners and customers so everyone can focus on collaborating to design, build and deploy customizable solutions.

kCura
BOOTH: 2635
INTERVIEW BOOTH: 3543
MAIN WEBSITE: https://www.kcura.com/join-the-team/our-culture-and-benefits/
CAREER WEBSITE: https://www.kcura.com/join-the-team/available-positions/

DESCRIPTION: kCura is a global company with team members who are driven by our customers to build exceptional software for them to use every day. Our product, called Relativity, handles large volumes of data and helps corporations, law firms, and government agencies solve their own unique data problems. The way we work together is centered on our core values of collaborating, communicating, pushing to exceed expectations (even our own), being humble, and having fun while we do it. We enjoy ourselves, give back, and work (and play) hard together.

JOB OPPORTUNITIES: We have several career opportunities available at kCura. Within product development, we have a focus on mid-senior level talent. We also are starting to interview for our summer internship program in 2017.

Khan Academy
BOOTH: 1532
MAIN WEBSITE: http://www.khanacademy.org
CAREER WEBSITE: http://www.khanacademy.org/careers

DESCRIPTION: Khan Academy is a 501(c)3 non-profit with a mission of providing a free world-class education for anyone, anywhere. Our free online educational resources include practice problems, instructional lessons, and learning tools to support personalized education for users of all ages. It doesn't matter if you are a student, teacher, home-schooler, principal, or a friendly alien just trying to get a leg up in earthly biology. Khan Academy’s materials and resources are available to you completely free of charge.

KPMG LLP
BOOTH: 902
INTERVIEW BOOTH: 3845
MAIN WEBSITE: www.kpmg.com
CAREER WEBSITE: www.kpmgcareers.com

DESCRIPTION: KPMG is one of the world’s leading professional services firms, and the fastest growing Big Four firm in the United States. Our global network of 174,000 professionals serves clients in 155 countries, providing innovative business solutions and audit, tax and advisory services to many of the world’s largest and most prestigious organizations. KPMG is also widely recognized for being a great place to work and build a career. KPMG is consistently named one of the country’s “100 Best Companies to Work For” by Fortune magazine. Our people share a sense of purpose in the work we do, and a strong commitment to community service, diversity and inclusion, the environment, and eradicating childhood illiteracy. Learn more at www.kpmg.com/us.

Lawrence Berkeley National Laboratory
BOOTH: 2911
MAIN WEBSITE: http://www.lbl.gov/

DESCRIPTION: Lawrence Berkeley National Laboratory (LLNL) is a first-class laboratory for science and technology, creating solutions to the toughest issues in national and global security. Successfully meeting these challenges requires game-changing new discoveries. Diverse teams of computer scientists, engineers, physicists, chemists, biologists and other researchers work together to achieve technical innovations and scientific breakthroughs, then transform those advances into solutions to national problems. Science and technology on a mission to boldly apply groundbreaking science and technology (and supercomputers!) to make the world a safer place.

JOB OPPORTUNITIES: Want to make the world a better place? With the power of supercomputers, scientists, and your real passion — you can! HPC, data science, machine learning, fusion energy, Java, C++, Python, Scala, Spark, web, DBA, and more — LLNL needs students, postdocs, entry and mid-career in computer science and engineering to support our groundbreaking science.

Lawrence Livermore National Laboratory
BOOTH: 2915

INTERVIEW BOOTH: 3924
MAIN WEBSITE: https://www.llnl.gov
CAREER WEBSITE: https://careers.llnl.gov

DESCRIPTION: Lawrence Livermore National Laboratory (LLNL) is one of the highest honors for a scientist in the United States. Thirteen of our scientists have won the National Medal of Science, our nation’s highest award for lifetime achievement in fields of scientific research. Eighteen of our engineers have been elected to the National Academy of Engineering, and three of our scientists have been elected into the Institute of Medicine. We have trained thousands of university students who are advancing innovations across the nation and around the world. Are you next?

Khan Academy

**Purdue University**

**BOOTH:** 2804

**INTERVIEW BOOTH:**

**CAREER WEBSITE:** https://gradapply.purdue.edu/apply

**DESCRIPTION:** Computing at Purdue happens in three different colleges. In the College of Engineering, ECE advances fundamental knowledge and its applications by innovation and engagement that address global challenges of societal impact. In the Polytechnic Institute, CIT and CBT are forging a new path for technology education. Using innovative learning methods, hands-on experiences, and industry partnerships, the Polytechnic Institute helps students and communities achieve success. In the College of Science, CS aims to provide an environment where intellectual curiosity thrives, and where novel and out-of-the-box thinking is prized and encouraged.

**JOB OPPORTUNITIES:** Purdue is accepting applications for faculty, post-doc and research scholar positions, for doctoral and on-campus and distance masters programs. Purdue is bringing together resources, cultural centers and diversity programs to build and sustain an inclusive community.
Pure Storage

BOOTH: 2326
INTERVIEW BOOTH: 3551, 3553
MAIN WEBSITE: http://www.purestorage.com/
CAREER WEBSITE: http://www.purestorage.com/company/careers.html

DESCRIPTION: Pure Storage is a fast growing company in the heart of the Silicon Valley, whose engineers are disrupting the enterprise storage market with our all-flash storage array. Cost has kept the broad deployment of flash out of data centers, but Pure Storage changes this through an entirely new platform. The best attributes of flash memory, the most advanced OS in flash and the greatest hardware architecture ever designed for enterprise flash applications. Honored by the SF Business Times as a Best Place to Work for 3 consecutive years, we are hiring talented people who are at the top of their disciplines. Our team members check their egos at the door. This makes Pure Storage a collaborative, egalitarian and fun place to work. Join us in changing the way people build technology.

JOB OPPORTUNITIES: Puritans come from various backgrounds and we thrive off of challenging the norm. We aim to hire the best and brightest people, who excel in a cutting edge, fast paced, collective and open environment. Whether you’re a student, or an industry veteran, we seek enthusiastic individuals across all experience levels and disciplines to join our team in solving some of today’s most challenging problems.

PwC

BOOTH: 2828

Quora

BOOTH: 1207
INTERVIEW BOOTH: 3653
MAIN WEBSITE: https://www.quora.com/careers
CAREER WEBSITE: https://www.quora.com/about-us/careers/

DESCRIPTION: Quora’s mission is to share and grow the world’s knowledge. A vast amount of the knowledge that would be valuable to many people is currently only available to a few — either locked in people’s heads, or only accessible to select groups. We want to connect the people who have knowledge to the people who need it, to bring together people with different perspectives so they can understand each other better, and to empower everyone to share their knowledge for the benefit of the rest of the world.

JOB OPPORTUNITIES: Software Engineering / Data Science / Product Design - (Internships / Entry-Level / Experienced)

Rackspace

BOOTH: 2201
INTERVIEW BOOTH: 3612
MAIN WEBSITE: http://rackspace.com/
CAREER WEBSITE: http://www.rackspace.com/jobs

DESCRIPTION: Rackspace, the #1 managed cloud company, helps businesses tap the power of cloud computing without the complexity and cost of managing it on their own. We deliver expertise, tools, and results-obsessed customer service to support customers at scale across the leading public and private clouds – including Amazon Web Services, Microsoft, OpenStack and VMware. We serve customers in 120 countries, including more than 60 percent of the FORTUNE 100. Rackspace has been honored by Fortune, Forbes, Anita Borg Institute and others as one of the best companies to work for. We are committed to elevating women in technology and building a pipeline of diverse talent. We foster an environment where women technologists can thrive and develop.

JOB OPPORTUNITIES: At Rackspace, we are passionate about simplifying technology for our customers through Fanatical Support®. Through our expertise in complex technologies, we help our global customers consume new technologies and support the world’s leading clouds. If simplifying technology through your expertise sparks a passion in you, Rackspace is your new home.

DESCRIPTION: Workday’s enterprise cloud applications for finance and HR are disrupting the global software industry. Our applications are infinitely flexible, extremely intuitive, and incredibly powerful. We work hard, and we’re serious about what we do at Workday. But we like to have a good time, too. In fact, we run our company with that principle in mind every day. One of our core values is fun.

Yelp

BOOK: 2001

INTERVIEW BOOK: 3510
MAIN WEBSITE: www.yelp.co
CAREER WEBSITE: https://yelp.co/careers/
DESCRIPTION: Yelp connects people with great local businesses. Since Yelp was founded in San Francisco back in July 2004, we have taken root across 12 countries. As of Q1 2016, Yelp had 21 million unique mobile app users and 77 million unique desktop visitors on a monthly average basis. Yelpers have written more than 102 million rich, local reviews, making us the leading local guide for real word of mouth on everything from mechanics to dentists. We take pride in our diversity and inclusion initiatives and have ongoing programs and events for employees.

JOB OPPORTUNITIES: Keeping everything running smoothly requires the best and brightest. Our engineers come from diverse technical backgrounds that value digital expertise, open-source, and creative problem solving. We are hiring for product, engineering, new grad, and internship positions. You can check us out at http://yelp.com/careers

Yext

BOOK: 2726

MAIN WEBSITE: www.yext.com
CAREER WEBSITE: http://www.yext.com/company/careers/openpositions/
DESCRIPTION: Yext is the global location data management leader, and our mission is to help people Go Places. The Yext Location Cloud enables companies to manage location data across their websites, mobile apps, internal systems, and the industry-leading ecosystem of maps, apps, social networks, directories, and search engines including Google, Apple, Facebook, Bing, and Yahoo. Yext is based in the heart of New York City with over 500 employees worldwide operating in Chicago, Dallas, Metro DC., Germany, and the UK. Yext has been recognized as one of America’s fastest growing companies by the Inc. 500 (#212 in 2015), one of Forbes’ Most Promising Companies (2014 & 2015) and one of Fortune’s Best Places to Work (2014 & 2015).

JOB OPPORTUNITIES: Now hiring - Software Engineers for our New York City and Tysons Corner, VA locations. Available opportunities include: Full-time entry level, summer interns, mid-career and senior level positions. In our NYC headquarters, we are also hiring Product Managers and UX Developers at the mid to experienced level.
Join ABI and Susan Cain, best-selling author & co-founder of the Quiet Revolution.

Learn how to redefine workplace diversity so organizations can build inclusive cultures where all employees can thrive.

Susan Cain, author of the best-seller QUIET, The Power of Introverts in a World that Can’t Stop Talking, is a world-renowned thought leader and co-founder of the Quiet Revolution. Her TED Talk, “The Power of Introverts”, is one of the most viewed of all time.

SPECIAL PLENARY SESSION
Wednesday, October 19
2:00-3:15 p.m.
General Assembly

Curious where you stand on the temperament scale?

INTROVERT AMBIVERT EXTROVERT

Complete a brief assessment to determine if you’re an introvert, extrovert or ambivert at quietrev.com/the-introvert-test/.

RESEARCH SHOWS:

50% of the U.S. workforce identify as introverts

96% of leaders identify as extroverts

70% of U.S. workers don’t work at max potential

This can’t-miss plenary session offers valuable insights and tools for introverts and extroverts alike.

ORGANIZATION PROFILES

Zendesk
BOOTH: 2543
MAIN WEBSITE: www.zendesk.com
DESCRIPTION: Zendesk builds software for better customer relationships. It empowers organizations to improve customer engagement and better understand their customers. More than 80,000 paid customer accounts in 150 countries and territories use Zendesk products. Based in San Francisco, Zendesk has operations in the United States, Europe, Asia, Australia, and South America. Learn more at www.zendesk.com.

ZestFinance
BOOTH: 1145A
CAREER WEBSITE: https://www.zestfinance.com/careers
DESCRIPTION: ZestFinance is a technology startup that uses machine learning and large-scale data analysis to transform credit availability for millions of Americans. We have built a big data underwriting technology that more accurately predicts likelihood of repayment. This technology is used to make loans to customers that banks typically overlook. ZestFinance also licenses its technology to other companies, including JD.com and Baidu in China. ZestFinance was founded by founder and CEO Douglas Merrill, former VP of Engineering and CIO at Google. We are committed to diversity in hiring, professional development, and everyday discussion. Zest is determined to hire crazy smart people who are different from each other to create broad thinking.

JOB OPPORTUNITIES: We are hiring for senior, mid-/career and entry level positions. We are specifically looking for Data Scientists: https://app.jobvite.com/j?aj=oyW9x3fwZ8s=Grace_Hopper and Software Engineers: https://app.jobvite.com/j?aj=sQ2X2fwB&Grace_Hopper

Zillow
BOOTH: 920
INTERVIEW BOOTH: 4004
CAREER WEBSITE: www.zillow.com/jobs
DESCRIPTION: Zillow is the leading real estate and rental marketplace dedicated to empowering consumers with data, inspiration and knowledge around the place they call home, and connecting them with the best local professionals who can help.

JOB OPPORTUNITIES: Zillow is hiring for Software Development Engineers and Data Scientists of all levels.

Zynga
BOOTH: 2829
INTERVIEW BOOTH: 3732
MAIN WEBSITE: http://www.zynga.com
CAREER WEBSITE: https://www.zynga.com/careers
DESCRIPTION: Let’s Play! Zynga is a leading developer of the world’s most popular social games. Headquartered in San Francisco, our mission is to connect the world through games, and since 2007, more than one billion people have played one of our beloved franchises like FarmVille, Zynga Poker and Words With Friends. In 2014, we acquired NaturalMotion, an Oxford-based mobile game and technology developer and the creator of hits like CSR Racing and Clumsy Ninja. Zynga is named after founder Mark Pincus’ late bulldog Zinga, and the legacy of her playful and loyal nature continues to inspire our company culture.

JOB OPPORTUNITIES: Zynga is looking for bright, passionate students, new grads and mid career candidates across all disciplines to immerse in an environment centered on collaboration, experimentation, and most importantly, fun. Stop by our booth to learn more about our engineering and product management roles from our managers and recruiting team.

ABI connects, inspires and guides women in computing and organizations that view technology innovation as a strategic imperative. Founded in 1997 by computer scientist Anita Borg, our reach extends to more than 65 countries. As a social enterprise, ABI envisions a future where the people who imagine and build technology mirror the people and societies they build it for. www.anitaborg.org

**KEEP THE GHC GLOW YEAR-ROUND.**

Stay connected through ABI.Local, Systers and other ABI communities.

Find out more: ghc.anitaborg.org/2016-connect-with-abi/

**RESOURCES FOR WOMEN IN TECH**

We bring talented women in computing together to build quality connections, map future directions and get tools & strategies to build the career of their dreams.

**GET CONNECTED**

Find your community. ABI provides opportunities for you to meet other women technologists, gain new insights, and grow your network.

- Apply for membership in Systers, the world’s largest community of women in computing
- Participate in ABI.Local events
- Join our open communities on Twitter, Facebook, LinkedIn and Tumblr
- Sign up for our newsletter

**GET EXPERT HELP**

When you keep your technology skills current, your market value soars. ABI helps you take the steps you need to grow your career and gain new skills.

- Join an ABI Lean In circle
- Explore solutions for retaining women in computing
- Build your résumé by volunteering at one of our events

We envision a future where the people who imagine and build technology mirror the people and societies they build it for. www.anitaborg.org

**BE INSPIRED**

Discover the stories of women who are leading technology innovation. ABI showcases individuals and organizations where women in technology can thrive.

- Discover women who are making a difference at anitaborg.org and our blog on Medium
- Check out our Leadership Index of Top Companies creating technical organizations that are welcoming to women

**CONNECT WITH THE BEST**

Meet the women who are transforming technology. ABI brings women in computing together, giving organizations access to great ideas and top talent.

- Learn about our sponsorship opportunities
- Post open opportunities to our career board
- Increase your competitiveness

**RAISE YOUR TECHNOLOGY INNOVATION QUOTIENT**

What’s your Tech I.Q.? ABI provides research, insights, and benchmarking that help organizations attract women in technology to build balanced teams and accelerate innovation.

- Find out your Tech I.Q. by participating in ABI Top Companies for Women Technologists. ABI is committed to increasing the percentage of women in technology roles, and to that end, we measure what matters. Know where you stand. Find out how you rate on attracting, retaining and advancing women in technology roles. Know your strengths and discover which areas you need to improve on.
- Learn how the ABI Top Companies of 2015 are upping their Tech I.Q.

**HONE YOUR STRATEGY**

Design your workforce for peak performance. ABI provides guidance on how to find, empower, and advance women in technology roles.

- Discover solutions for retaining women in technical roles
- Nominate a woman from your organization for an ABIE award
- Contact us about how we can consult with you directly
- Look for our new white paper on Advancement at anitaborg.org/insights-tools/

As a globally recognized organization with deep roots in the worldwide community of women technologists, ABI is uniquely qualified to be an effective agent of change.
The Grace Hopper Celebration (GHC) of Women In Computing was co-founded by Dr. Anita Borg and Dr. Telle Whitney in 1994, inspired by the legacy of Admiral Grace Murray Hopper. GHC brings together the best minds in computing, and increases visibility for the contributions of women to computing. It is produced by the Anita Borg Institute and co-presented by the Association of Computing Machinery (ACM).

Join us next October for the Grace Hopper Celebration 17!
